**FollowMe Sound and Navigation System
Includes Bluetooth®~ Handsfree Communications, Video, USB, iPod®^ & MP3.**

On one hand, FollowMe is a fully integrated sound and satellite navigation* system with all the benefits of an in-dash system including advanced Bluetooth®~, video, USB plus iPod®^ and mp3 functionality. On the other hand, unlock the satellite navigation from its audio cradle and you have a portable navigation system you can use in other cars or on foot^^. FollowMe also displays a wide range of audio playlists on a 4.3" screen with your choice of colour illumination between green and amber. And thanks to Suna™ Traffic monitoring service#, the FollowMe unit is regularly updated with the latest traffic information, such as traffic jams, accidents and roadworks, to suggest alternative routes. Available for Sydney, Canberra, Melbourne, Perth, Adelaide, Brisbane and Gold Coast metro.

Satellite Navigation Audio System~

Includes 4 In-Dash MP3 CD Compatible Changer with Bluetooth®# Communications & (Optional) Auxiliary Audio Input.

With the guidance of Toyota Genuine Satellite Navigation, map reading will fast become a forgotten art. With its easy to use touch-screen, simply key in your destination and the Satellite Navigation directs you from A to B. It boasts a list of features including Bluetooth®, optional auxiliary input (iPod®+/MP3 player compatibility), full screen, split screen and voice options plus a 4 disc in-dash MP3 compatible CD changer integrated into the system. Toyota Genuine Satellite Navigation has all your audio and navigation needs covered in a single stylish unit.

Rear View Camera* & Electrochromatic Mirror (Sold Separately)

For extra safety and confidence when reversing, the Rear View Camera* gives you a clear visual picture of what would usually be out of line-of-sight. The Rear View Camera* is discretely located and projects the view at the rear of the vehicle onto an Electrochromatic Rear View Mirror, or Satellite Navigation screen.

Cargo Barrier

Installing a Toyota Genuine Cargo Barrier to your HiAce will provide additional occupant safety when carrying cargo. Secured behind the front seats, this sturdy steel barrier helps confine cargo to the rear of the van, providing additional safety for occupants in the event of a sudden stop or an accident. Designed specifically for HiAce, the Toyota Genuine Cargo Barrier is the only barrier tested and approved by Toyota engineers to Toyota's stringent safety standards.

Air Conditioning Curtain

The Toyota Genuine air conditioning curtain is designed to increase the efficiency of the air conditioning in the HiAce cabin. The clear and grey-tint PVC curtain fits behind the seats to create a partition between the passenger and cargo compartments. This reduces the amount of space that needs to be cooled and has the added benefit of potentially increasing fuel efficiency. When attached with press studs, the air conditioning curtain can be easily removed to accommodate tricky cargo, or when cleaning the van. It can be fitted on its own, or in conjunction with a cargo barrier.

All Weather Rubber Floor Mats

Toyota Genuine All Weather Rubber Floor Mats are tailor made to stylishly fit and complement the HiAce. Both mats have a hardy chequer plate appearance and a raised lip to contain mud or moisture. The driver's mat is secured to the vehicle's floor using two retainers to minimise mat movement. Easy to clean, they are a great way to protect the interior of your vehicle.

Cargo Mat

Made from heavy-duty rubber, the Toyota Genuine cargo mat is tailored-made to fit the dimensions of the HiAce cargo area. The one-piece cargo mat is designed to protect the floor of the cargo area from scuffing and scratching, and is easily removed for cleaning. Its non-slip surface, when used in conjunction with the correct restraint methods, helps prevent loads from slipping around the cargo area.

Alloy Nudge Bar

Designed to complement HiAce's style, the new Toyota Genuine Alloy Nudge Bar is Airbag compatible and has been thoroughly tested to comply with Toyota's stringent standards. This Accessory is made using manufacturing techniques that combine attractive appearance with strength and practicality. Its highly polished alloy components give protection to the bumper cover and components located behind it while its sturdy corrosion resistant powder coated mounts keep vibration to a minimum. Integral Driving Light mounts are also provided. Toyota Genuine Driving Lights sold separately.

Driving Lights

When driving on country roads at night, Toyota Genuine Driving Lights increase your range of vision, giving you more of a chance to detect potential safety hazards. For anyone driving long distances, they are an essential safety aid. Available in round or rectangular, the Toyota Genuine range of Driving Lights are suitable for fitment to all Toyota Genuine Bull Bars.

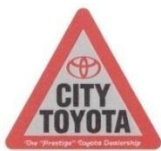

HiAce Towbar with technician step

This easy to fit Technicians Step is designed to allow for easier access to ladders and other items stored on the Roof Racks. Featuring a heavy duty design and anti-slip step plate, it also provides added protection to the rear bumper. The step bolts directly to the chassis without the need for drilling, and includes 2 x door mounted grab handles. Integral high strength and easily accessible dual chain points ensures full towbar functionality. Towball and Trailer Wiring Harness sold separately.

Towbar capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

Towbar with Rear Corner Protector

For greater rear protection for your HiAce, attach a Toyota Genuine Towbar with Rear Corner Protector. Designed specifically for HiAce and tested[^] to provide 1000kg (braked) towing capacity for all models, this bar, constructed from large diameter tubing, is carefully designed to provide added protection to the vehicle's rear and corners whilst parking and reversing.

Featuring a durable, corrosion resistant semi-gloss powder coated finish, this Toyota Genuine Towbar adheres to Toyota's stringent design and safety standards to ensure years of reliable towing. Towball and 7 pin flat, small round and large round Toyota Genuine Trailer Wiring Harnesses, developed specifically for HiAce, are sold separately.

Towbar capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

DL12195/MRB693 www.citytoyota.net.au

The Toyota Genuine Towbar with Rear Step and Chrome Loop Protector provides generous towing capacity, considerable rear protection and an anti-slip step to assist with Roof Rack access. With towing capacities[^] of 1000kg (braked) for diesel models and 1200kg (braked) for petrol models, this Towbar has been developed to Toyota's stringent safety standards including fatigue testing to simulate years of use. Towball and 7 pin flat, small round and large round Toyota Genuine Trailer Wiring Harnesses, developed specifically for HiAce, are sold separately.

[^]Towbar capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

Standard Kit Roof Rack

Tradesmen with lengthy loads will rely on the Toyota Genuine Roof Rack. Designed for versatility, the transverse track mounting system incorporated into the design of each crossbar allows the addition of various accessory attachments in a number of configurations to cater for individual needs. The three aluminium crossbars feature a rubber buffer to protect items carried while rounded plastic plug ends reduce the risk of personal injury. Made for commercial use, the Toyota Genuine Roof Rack for HiAce can hold up to 120kg (including weight of Roof Rack and Accessories). Economy Ladder Holder kit, Eye Bolts and Key Locking Security Cable (pictured) are sold separately as optional extras.

Full Technician Roof Rack

The Full Technician Kit (pictured) Roof Rack is sold as a comprehensive unit comprising of three aluminium crossbars, two ladder holders (for one extension ladder and one step ladder up to 3.3 metres when stowed as pictured, ladders not available from Toyota) with retaining straps, two key lockable security cables, one two-way radio aerial mount and a 4.5 metre conduit holder.

Headlamp Covers

Protect your headlights from stone chips and scratches with Toyota Genuine Headlight Covers. Secured using mechanical fasteners and made from UV stabilised acrylic which is long lasting and impact resistant, they are removable for cleaning and have been developed and tested to Toyota's stringent standards to keep your HiAce looking good.

Front Weathershields

Stylish in design, the HiAce Weathershield is made to add comfort when driving. Made from lightly tinted UV stabilised acrylic, this Toyota Genuine product reduces glare and helps reduce disturbance from the elements. Contoured for strength, Toyota Genuine HiAce Weathershields are fastened mechanically to the vehicle using steel screws and clips for optimum performance year after year. Right hand and Left hand Weathershields are each sold separately.

ParkAssist - Reverse Parking Sensors (4-Head Kit)

The Toyota Genuine ParkAssist makes easy work of even the tightest parking spot. Four discreet colour-coded, ultrasonic sensors mounted in the rear bumper activate an audio 'beep' in the cabin that increases in frequency the closer your HiAce reverses towards objects behind it.

#ParkAssist is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.

Personal First Aid Kit

You can't afford to be without this handy pack. Designed by St John Ambulance, it features 16 different items including an essential First Aid Quick Reference Guide.

WHY YOU SHOULD BUY GENUINE TOYOTA PARTS AND ACCESSORIES

Toyota vehicles since their early beginnings have been known worldwide for their Quality, Dependability and Reliability. It makes sense that you keep your Toyota all Toyota to maintain this. All Toyota Replacement Parts and Accessories are designed and manufactured to meet Toyota's exacting standards.

All Toyota's Genuine Replacement Parts come with a 12 month / unlimited km replacement warranty.

All Toyota Genuine Accessories have the same 12 month / unlimited km replacement warranty, unless they are fitted by a Toyota Dealer at the time of vehicle delivery at which point they attract the New Vehicle warranty of 3 years/100,000km. Should you choose to have accessories fitted by a Toyota Dealer after delivery the accessory warranty is then 12 month / unlimited km replacement or the remainder of the New Vehicle warranty whichever ever is the greater.
