

# HILUX

**Hilux 4x4 SR Double-cab Pick-up V6 with VSC option pack in Sterling Silver accessorised with Roof racks, Kayak carrier, Steel bullbar, superwinch, driving lights, 17" alloy wheels, weathershields, chrome grille, BF Goodrich tyres and ute/tailgate liner. All Accessories sold separately.**

## Audio Visual Unit With Satellite Navigation#

Find an easier route home with the guidance of the Toyota Genuine Satellite Navigation Audio System#. Equipped with SUNA™~~ GPS traffic updates the navigation system receives traffic updates 24/7, so it can navigate alternative routes around traffic congestion and landmarks can be displayed in 3D for easier recognition. The audio system allows you to play from some iPod®+ and iPhone®+ USB^ or CD, and the full-colour touch-screen display features a simplified audio track search and album jacket display (for some iPod®+ and iPhone®+) as well as voice control function that allows you to select audio by the artist name (for some iPod®+ and iPhone®+) or make phone calls.

### **Seat Covers – Canvas**

For those on the land or on the go, Toyota Genuine Canvas Seat Covers are made ultra tough to cope with high levels of wear and tear. Durable, but also comfortable and even washable, these covers are designed specifically to fit HiLux and include a headrest cover for maximum protection.

### **Seat Covers - Sports Vest**

Tailored from premium sports neoprene (similar to wetsuit material), Sports Vest Seat Covers are ergonomically sculptured to the seat shape and offer durability and comfort in high wear and pressure areas. The neoprene material firmly grips the seat providing additional cushioning. The Sport Vest Covers are water resistant and hand washable, fit easily without straps, and are compatible with seat-mounted airbags.

### **All Weather Rubber Floor Mats**

**Toyota Genuine All Weather Rubber Floor Mats are tailor made for HiLux. The driver's mat is secured to the vehicle's floor using two retainers for added security and all mats have a hardy chequerplate appearance and a raised lip to catch mud or moisture. Easy to clean, they are a great way to protect the interior of your vehicle.**

## Chrome Grille

The Toyota Genuine Chrome Grille has been designed to add a slim-line, customised look to your HiLux. It is specifically designed to fit your HiLux and is tested to ensure it doesn't affect wind noise. Most importantly, the Chrome Grille will not restrict airflow over the radiator and in the engine bay - so it won't affect the cooling of your engine in harsh Australian driving conditions. The Toyota Badge Bracket clips onto the grille which means you are free to either keep your HiLux front-end badgeless for a clean customised look, or proudly display your Toyota badge.

## Alloy Bull Bar

Restyled for a slim-line appearance, the new Toyota Genuine Alloy Bull Bar incorporates full plastic masks over the sturdy aluminium frame to reduce scuffing. One-piece stamped aluminium corners offer clean, rounder edges to increase pedestrian safety and black-outs on the rear of the bull bar minimise reflection. The Toyota Genuine Alloy Bull Bar is available for all grades of 4x4 HiLux

## **Steel Bull Bar (driving lights sold separately)**

Toyota Genuine Steel Bull Bars are designed and tested to ensure optimal performance in the toughest of conditions. The crash box structure of the Steel Bull Bar features a strong and durable construction, which ensures energy is dispersed correctly during impact. Because of this, a Toyota Genuine Steel Bull Bar is compatible with the factory airbag system. The Steel Bull Bar is powder-coated to resist corrosion and is designed to be compatible with other Toyota Genuine accessories, such as the Toyota Genuine Driving Lights and Superwinch (all pictured and sold separately). Bullbar pictured applicable to SR model.

## **Steel Side Step and Rail**

When you take your HiLux over rocky terrain, the sill (lower body area under the door), doors and side of the body are vulnerable to damage from scraping and bashing against large rocks. Toyota Genuine Side Steps and Rails are made from heavy duty corrosion-resistant steel and are designed to help protect your HiLux from damage that can occur when driving over rocky terrain by fending off the direct impact. Available as an optional addition to attach to the Toyota Genuine Breaker Bull Bar and vehicle chassis, the Side Step's stylish aluminium chequer plate tread enables occupants to step in, out and reach up to the top of the vehicle. (Fitment requires removal of original side step). Not suitable for SR5 or SR with fender flares.

## **Superwinch**

With its slim line, flush mounting design to minimise front overhang, the Toyota Genuine Superwinch is the ultimate accessory for the serious off road enthusiast. Equipped with a powerful electric motor and a compact, heavy duty solenoid unit, the Toyota Genuine Superwinch delivers up to 9000lb pulling capacity to help you out of tricky off road situations. The Superwinch's galvanised wire rope comes equipped with a nylon sheath around its leading end to reduce rattle and protect the vehicle's Bull Bar while its durable, rubberised hand remote control with water proof toggle switch is designed for safe and dependable operation.

## **Stainless Steel Nudge Bar**

Manufactured from sturdy stainless steel tubing, the Toyota Genuine Nudge Bar is lighter than the over bumper bull bar and its stainless steel finish is resistant to tarnishing. The Nudge Bar also features four mounting points, assisting to reduce vibration and increases durability. Available in 4x4 and 4x2 models.

## **Driving Lights (Bullbar and Nudge Bar sold separately)**

Toyota Genuine Driving lights offer you increased visibility for a range of different applications. Designed to meet all state and federal regulations, the Toyota Genuine Driving Lights are engineered to mount to the HiLux range of accessories, such as Bull Bars and Nudge Bars

## **Towbar, Towball and Trailer Wiring Harness\*\***

Toyota Genuine Towbars are available with maximum tow capacities# of 750kg (unbraked) or an increased 2500kg (braked) (4X2 Model 2250kg). Toyota Genuine Towbars are designed specifically for the HiLux chassis, maximising your safety and the durability of your vehicle. All towbars are powder-coated for corrosion resistance and feature an adjustable mounting system.

## Towbar with Rear Step

The super-tough Toyota Genuine HiLux Towbar with Rear Step has an increased tow capacity# of 2500kg (braked) (4X2 Model 2250kg) and features a stylish non-slip chrome step bar to give you easy access to your loads. With an easily removable tongue and an anti-rattle mechanism, the Toyota Genuine HiLux Towbar with Rear Step is engineered with an adjustable mounting system. Its black powder-coated finish offers better corrosion resistance.

## Tray Body Range

An evolution in the marketplace, the Toyota Genuine Tray Body series offers a huge range of variants engineered specifically to suit your HiLux with the aim of matching the industry's best. Design your own: with a choice of either alloy or steel trays (colour coded Heavy Duty Steel pictured with Rear Rack, sold separately), available in both General Purpose and Heavy Duty spec, you can tailor your Tray Body to suit your requirements regardless of whether you have Single Cab, Xtra Cab, or Double Cab vehicle. A Single Cab Tray Body of length 2550mm easily holds two pallets, with space to spare. Every tray has removable sides and all heavyduty trays are fitted with a tapered round tube headboard, while a rear window protector is an Accessory for the General Purpose Alloy Tray, (GPA), GPA with Heavy Duty Floor and Entry Level Alloy (ELA) Tray.

## Tray Mat

Toyota Genuine tray mats are made from thick natural rubber and are specifically tailored to fit the shape of the HiLux trays. Designed to fit over the tray body, the mats offer protection to the tray against scuffing and scratching. The mats also help prevent loads from sliding around in the tray, and are easily removed for cleaning.

## All Weather Rubber Ute Mat

Made of thick natural rubber, the Toyota Genuine Rubber Ute Mat is designed to provide economical protection. It minimises damage and scratching of the utility body from sharp or heavy items and also helps prevent items from noisily sliding around the vehicle's cargo area. The mat is easily trimmed to fit any HiLux with a ute body.

## **Ute & Tailgate Liner**

A stylish match for your HiLux Double Cab utility is the super tough Toyota Genuine Ute Liner and Tailgate Liner. Tailor made for the HiLux, the one piece Liner, wraps stylishly over the wheel arches and integrates with the header board. Providing coverage right to and over the edges of the ute, it even has drink holders moulded into the Tailgate Liner. No drilling is required, greatly reducing the risk of rust. Compatible with both Hard and Soft Genuine Tonneau Covers, as well as the Sports Bar and Double Cab Canopy.

## **Tonneau Cover - Hard Sports Type Ute**

The security of your tools, sporting equipment and other loads are important - that's why Toyota Genuine Hard Sports Tonneau Covers can be locked securely into position. They can also be removed for increased load flexibility. The hard Tonneau Cover is colour-coded to offer a tough sports look and is designed to integrate alloy sports bars on the A Deck. Engineered to ensure durability throughout years of operation in harsh Australian conditions, the hard Tonneau Cover features stainless steel hinges and gas struts for easy opening and closing. Compatible with Ute Liner.

## Soft Tonneau Cover - Tray

The all-new Toyota Genuine Soft Tonneau Cover is designed to sit flush with the tray of your HiLux, creating a strong seal between your tonneau and tray. Utilising a press-and-clip style securing system on internal mounts. The system also eliminates the chance of friction between the old strap system and your tray body, which could lead to scuffing and scratches.

## Soft Tonneau Cover - Ute

The all-new Toyota Genuine Soft Tonneau Cover is designed to sit flush with the ute of your HiLux, creating a strong seal between your tonneau and ute. Utilising a press-and-clip style securing system on internal mounts. The system also eliminates the chance of friction between the old strap system and your ute body, which could lead to scuffing and scratches. Bungee strap style covers available where double cab ute fitted with a Ute Liner.

## **Toyota Genuine Smooth Plastic Canopy with Roof Racks**

The Australian-made Toyota Genuine Smooth Canopy is manufactured from single-skin PMMA capped ABS (thermoplastic), making it highly durable, impact-resistant and able to withstand extended UV exposure. Each canopy is fitted to your HiLux to create a natural, integrated look and feel. Colour-coded canopies are robotically painted to a high-quality factory finish. The durable canopies are light and aerodynamically designed. Roof Racks sold separately. Canopy roof racks available from November 2011.

## Sports Bar

The Toyota Genuine Polished Sports Bar is now available adding a level of customised sports styling previously only available on the SR5. Featuring a polished aluminium construction, the tubing on the Sports Bar is designed to seamlessly accommodate the header board. Sports bar pictured applicable to SR model.

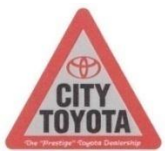

## Roof Racks

If you're planning to make the most of the outdoors with your HiLux, the Toyota Genuine Roof Rack System is just the thing to help carry the extra gear required. The easy-to-fit and lightweight design requires no tools to attach. The racks are compatible with a huge range of accessories, including the Kayak Cradle\*\*, Bike Carrier\*\* and Roof Pod\*\*, and have an integrated locking system to deter unwanted Roof Rack removal. Available on SR & SR5 models.

## Headlamp Covers (Bonnet protector sold separately)

The Toyota Genuine Headlamp Covers provide protection from insects, stone chips and damage. They are tailored to fit your HiLux and are made from high-strength acrylic, which is resistant to cracking and UV discolouration.

## Bonnet Protector

You can help protect your bonnet and paint from stone chips and other damage during daily driving and long trips with the Toyota Genuine HiLux Bonnet Protector. The Bonnet Protector is purpose-built for the HiLux and constructed from high-strength UV-stabilised acrylic, offering superior strength and durability. Available in clear and tinted finish. Tinted bonnet protector shown.

## **Weathershields**

Toyota Genuine Weathershields offer added weather protection and are lightly tinted to reduce glare. Made from durable UV and impact-resistant acrylic, they are tailored specifically to the body contours of your HiLux so they fit and offer an integrated look. Left and right shields are sold separately.

## Paint Protection

Stone chips and scratches are unsightly and may reduce the re-sale value of a car. It's possible to avoid common scuffing and scratches in "high-traffic" areas on your vehicle, such as the door-handle cups and bumper bars. Toyota Genuine paint protection is a high-grade, colourless urethane film which is pre-cut to fit the door-handle cups of your vehicle.

## Reversing Camera~ (Ute)

The Toyota Genuine Reversing Camera is discretely located on the HiLux ute body and projects the view at the rear of the vehicle for added safety and confidence when reversing. Requires AVN screen or Display Audio Unit.

## Reversing Camera~ (Tray Body)

Designed to work specifically with Toyota Genuine Tray Bodies, the Toyota Genuine Reversing Camera utilises a bracket lip in the tray body that produces a point of reference for the camera at the lower edge of the vehicle. The Reversing Camera is sealed from the elements and the wiring is also sealed in corrugated tubing to ensure durability in harsh conditions. As with all Toyota Genuine accessories, It is designed to meet all state and national legal requirements, and when it is correctly installed on a HiLux with a tray body it will not infringe on the visibility of the licence plate. Requires AVN screen or Display Audio Unit.

## Reverse Parking Sensors~ (Tray Body)

Toyota Genuine Reverse Parking sensors~ are designed to work with the Toyota Genuine Tray bodies, giving you confidence to reverse with the limited visibility a ute tray can create. The Reverse Parking Sensors~ have been engineered and tested to the rear to assist in protecting your tray, with alarm intensity to warn you as you approach an object. Also available for SR5 Utes.

## **Alloy Wheels 17"**

These Toyota Alloy Wheels are a single piece cast alloy design to ensure maximum strength. Put through the same rigorous testing regime as the standard alloy wheels, these rims are stress tested to ensure they don't bend or corrode and are durable enough to survive on the roughest Australian roads. Offered in 17 inch, the Toyota Genuine Alloy Wheels offer a sporty look without compromising on the quality and durability that the Toyota testing regime can offer.

## **WHY YOU SHOULD BUY GENUINE TOYOTA PARTS AND ACCESSORIES**

Toyota vehicles since their early beginnings have been know worldwide for their Quality, Dependability and Reliability. It makes sense that you keep your Toyota all Toyota to maintain this. All Toyota Replacement Parts and Accessories are designed and manufactured to meet Toyota's exacting standards.

All Toyota's Genuine Replacement Parts come with a 12 month / unlimited km replacement warranty. All Toyota Genuine Accessories have the same 12 month / unlimited km replacement warranty, unless they are fitted by a Toyota Dealer at the time of vehicle delivery at which point they attract the New Vehicle warranty of 3 years/100,00km. Should you choose to have accessories fitted by a Toyota Dealer after delivery the accessory warranty is then 12 month / unlimited km replacement or the remainder of the New Vehicle warranty which ever is the greater.
